

ACCOUNTING CERTIFICATE

Program Description

The Accounting Certificate is a 1-year certificate designed to develop a student's skills in areas such as accounting, payroll, computerized accounting applications, business law, business math, computer applications, personal finance, written communications, management fundamentals, critical thinking and problem solving.

Program Outcomes

Upon Completion of this program students will be able to:

1. Explain accounting standards and practices and their integration into the business environment
2. Demonstrate effective oral and written communication skills
3. Apply critical thinking and decision-making skills
4. Distinguish the importance of an ethical work environment
5. Apply information and technology tools relevant to the profession

Career Considerations

UCC's accounting certificate can provide a foundational understanding of accounting principles and practices, opening doors to entry-level positions in the field or enhance your skills and qualifications for higher-level roles.
