

# COMPUTER INFORMATION SYSTEMS, CERTIFICATE

## Program Entrance Requirements

- Placement scores of MTH 65 or higher and WR 115 or higher are required for entry into the CIS program.

## Program Description

The Computer Information Systems (CIS) One-Year Certificate is designed to prepare students for entry-level employment in the computer area, while developing general problem-solving and troubleshooting skills that can be applied to networking, server, computer, web, and business programming environments.

## Program Outcomes

Students who successfully complete the Computer Information Systems Pathway Certificate will:

1. Develop critical thinking and problem-solving skills by working with hardware, networks, and software through programming logic and hands-on lab assignments
2. Install and configure various operating systems
3. Use Microsoft Office applications to solve common business problems

## Career Considerations

The one-year certificate program is designed to prepare students for employment in (or for a job path leading to) any one of several entry-level career opportunities as listed by the Oregon Department of Labor. The Network and Computer Systems Administrator, Computer Support Specialist, Computer Operator, Computer and Information Systems Manager, Computer Programmer, Network Administrator, Network Systems and Communications Analyst, Internet Service Technician, and Database Administrator are among those targeted job paths or job market careers.
