

ASSOCIATE OF SCIENCE IN HEALTHCARE ADMINISTRATION

Program Description

The two-year Healthcare Administration degree is designed to prepare students to work in either the front-office or back-office of a clinic/physician's office. Students may choose the administrative or clinical track.

Program Learning Outcomes

Upon completion of the AS in Healthcare Administration, students will be able to

1. Demonstrate professional skills that lead to success within the medical office workplace.
2. Demonstrate effective oral and written communication skills.
3. Apply critical thinking and decision-making skills.
4. Distinguish the importance of an ethical work environment.
5. Apply information and technology tools relevant to the profession.

Career Considerations

This degree prepares students to work either in the front-office or back-office of a clinic and/or physician's office. It also provides students the opportunity to transfer to a 4-year university.

Program Course Requirements

Course	Title	Credits
