

CAREER PATHWAY: PRE-NURSING

Program Description

The nursing program is a partner in the Oregon Consortium for Nursing Education (OCNE) and offers a competency-based curriculum jointly developed by nursing faculties from the consortium schools. Acceptance to the program allows for co-admission to the community college and Oregon Health Sciences University (OHSU) nursing programs. The program is designed as four years of full-time study, with the first year devoted to prerequisites and/or preparatory courses required for admission to the restricted (limited) admission nursing program. Successful completion of the second and third years leads to an Associate of Applied Science (AAS) offered by the community college. The program continues for one additional year leading to a Bachelor of Science, Nursing (BS, N) offered by the Oregon Health & Science University. The full program may be completed at the partner school campus.

This Career Pathway includes only the pre-requisites needed to apply for the AAS in Nursing.

Pathway Course Recommendations

Course	Title	Credits
First Year		
First Term		
BI 222	Intro to Genetics	3
BI 231	Anatomy and Physiology I	4
MTH 105Z	Math in Society (MTH 095 or higher accepted)	4
WR 121Z	Composition I	4
Credits		15
Second Term		
BI 232	Anatomy and Physiology II	4
FN 225	Human Nutrition	4
PSY 215	Lifespan Development	4
WR 227Z	Technical Writing	4
Credits		16
Third Term		
BI 233	Anatomy and Physiology III	4
BI 234	Microbiology	4
Credits		8
Total Minimum Credits		39

Advising notes

- Work closely with you UCC advisor to ensure you are following the right path to meet your goals.
- All prerequisites must be passed with a C or better.
- This pathway does not guarantee acceptance into the nursing program, full application process will be required. For more information about applying to the AAS in Nursing, see the Nursing page, here (<https://umpqua-public.courseleaf.com/programs-study-az/nursing/registered-nursing/>).
